Experience

Fullstack webdeveloper 2019 - 2021
Happy Volcano

I was responsible for all work related to webdevelopment. Clients were mainly animation studios, broadcasters and brands.

- Making static websites, webgames, and React applications.
- Creating custom Wordpress themes.
- Making APIs using Node with Firebase Realtime Database for our front-ends and games.

Volunteer experience

Coding mentor 2020 - now
Scrimba

I have earned the Community Hero badge after proving to be active and helpful in their community.

- Guiding Scrimba students who are practising and seek help.
- Explaining coding concepts to students.
- Giving career and learning advice.
- Being engaging and helping keep the Discord server active.
